PRIVATE SCHOOL INFORMATION

Private schools in Miami-Dade County are independently managed institutions that enroll students from the local area. Operating independently, these schools adhere to regulations set by the state and local education authorities. Private schools maintain smaller class sizes to provide personalized attention and foster a close-knit community. These schools are open to any student who meets their admission criteria. Parent Expectations Policy

A positive and constructive partnership between the school and the family is essential to the fulfillment of Shaping Academy's educational purpose. By executing an enrollment contract to attend Shaping Academy, families acknowledge that they understand and agree to uphold the policies and procedures set forth in the Family-Student Handbook. Overall, it is expected that all Shaping Academy parents and guardians contribute positively to the school community by showing respect, integrity, and fair treatment of others, which includes but is not limited to interactions on campus, through digital media, in athletic and extracurricular activities, and during any Shaping Academy-sponsored events.

Shaping Academy will work and cooperate with parents or guardians to the best of its ability. If the parent or guardian fails to cooperate with the school, or disregards, or is unable to abide by our rules and regulations, Shaping Academy reserves the right, in its sole discretion, to request the withdrawal of a student or deny enrollment or re-enrollment of a student.

Code of Conduct

Parents are expected to abide by the following non-exhaustive list of expectations:

- Show respect for individuals and school policy.
- Prioritize a positive and cooperative relationship with the school.
- Address any concerns or questions about their child or the school by reaching out directly to the teacher, or administrator who is closest to the issue or concern.
- Behave appropriately at all times on Shaping Academy property or at any Shaping Academy-sponsored event.
- Be particularly mindful when communicating on social media or other forms of digital communications.

Parents whose behavior is below the school's accepted standards or who harass or make slanderous comments about Shaping Academy employees or other members of our school community - both on and off campus or through social media or other forms of digital communications - may be asked to separate from the school. Disruptive or non-cooperative behavior may result in administrative withdrawal of the parents' children.

SCHOOL SAFETY AND SECURITY

Shaping Academy has plans and procedures in place to protect your child and communicate with you in the event of an emergency. Our administration works with school staff, local law enforcement and other public health and safety leaders to make our campus a safe place to learn.

Student and employee safety are a primary concern of Shaping Academy. The Emergency Operations Plan (EOP) was created to provide school personnel with the necessary leadership skills and knowledge needed to respond to critical incidents or other related

emergencies that may occur in our schools /community. All schools have a site-specific plan to address all types of critical incidents. These plans address the individual needs of the school and provide guidelines for devising methods for communicating with the staff, students, parents/guardians, and the media during a critical incident or an emergency. Some of the protective action procedures include the evacuation of students/staff from the building(s), evacuation of the disabled and if necessary, the relocation of students/staff from the school campus, lockdown procedures and holding/dismissing students during school and community emergencies. Some important tips for parent/guardians to remember during a Critical Incident are as follows:

- Remain calm.
- Monitor media outlets for updates and official messages from administration
- Do not flood the school with telephone calls
- If the school is on lockdown, wait until the lockdown is lifted before going to the school.

FIELD TRIPS

All trips planned by the school are for specific educational purposes. Participation in field trips requires the student to present a field trip form signed by the parent/guardian to their teacher in advance. Parents must assume the responsibility for any necessary fees associated with their student attending a field trip. Please keep in mind that once the field trip has been paid, the school will not issue a refund. If a hardship exists where a student cannot afford the cost of the field trip, please notify the teacher. Field trip chaperones will be randomly selected. **Parent chaperones may not bring siblings on field trips, as they are not covered by insurance.** All parents attending field trips must have a level two background clearance and must wear the designated school spirit shirt. There may be a fee for parent chaperones imposed by the field trip location, which is the responsibility of the chaperone.

Students will not be released to **anyone** during a field trip for **any reason**. Authorized persons who wish to have a student released early must report to the main office to sign out the child and wait for the child to return with their class from the field trip.

CODE YELLOW AND CODE RED

In the event of an emergency, the primary responsibility of all school personnel is to provide for the safety of all students. In the event a school administrator announces a possible threat to students and staff safety exists within the community (Code Yellow), or an imminent

threat to students and staff safety exists within the school (Code Red) students, faculty and staff will comply with all the procedures outlined in Response Plan and remain on lockdown until a school administrator makes an "All Clear" announcement.

Students, teachers, and staff must remain outside the building until permission is given to re-enter.

These services include but are not limited to speech therapy, occupational therapy and physical therapy. Any other related services that are not documented upon registering the student at our school will need to be communicated with administration for approval. Shaping Academy will not allow any

outside agencies for applied behavior analysis as that service is provided by The Shaping Academy for Behavioral Development Inc and will be referred by administration if the child is in need of the service.
